LUMP SUM UTILITY AGREEMENT – Traffic Signals

PROJECT No.: CSSTP-0007-00(072), Fulton County
P.I. No.: 0007072

THIS AGREEMENT, made this _____, by and between the Department of Transportation, an agency of the State of Georgia, hereinafter called the DEPARTMENT, first party, and City of Atlanta hereinafter called the COMPANY, second party;

WITNESSETH:

WHEREAS, the DEPARTMENT proposes under the above numbered project to relocate utility facilities away from the travel way of State Route 9 from Peachtree Way to Honour Avenue in Fulton County, Georgia with its funds or with funds apportioned to the State by the Federal Highway Administration under Title 23, Highways, of the Code of Federal Regulations (CFR); and

WHEREAS, due to the construction of this project, it has become necessary to make certain adjustments to the existing traffic signal facilities of the COMPANY in accordance with the attached estimate for \$75,827.00, which was prepared by the COMPANY in compliance with Title 23, Highways, of the Code of Federal Regulations (CFR), Chapter I, Subchapter G, Part 645, Subparts A and B and is hereto made a part of this Agreement; and

WHEREAS, said construction being the location and improvement of said road and the COMPANY having its facilities presently located within the limits of existing streets and roads intersecting herewith, or upon an easement with rights to install, operate and maintain such facilities on the rights-of-way thereof which were acquired prior to the acquisition of such rights-of-way by the DEPARTMENT; and

WHEREAS, the location of said presently existing facilities and the proposed new location of such facilities are shown on the highway construction plans for this project, a copy of said plans in pertinent part being attached hereto, it is desired that the COMPANY adjust its facilities within the existing easement or move to the new location as shown on said plans and relinquish such existing easement rights as it may have on the present location and accept in lieu thereof the easement rights hereinafter stated.

NOW THEREFORE, in consideration of the premises and the mutual covenants of the parties hereinafter set forth, it is agreed:

1. It is specifically understood that the project number shown above is for the DEPARTMENT'S identification purposes only and may be subject to change by the DEPARTMENT. In the event it becomes necessary for the DEPARTMENT to assign a different project number, the DEPARTMENT shall notify the COMPANY of the new project designation. Such change in project designation shall have no effect whatsoever on any of the other terms of this Agreement.

LUMP SUM UTILITY AGREEMENT – Traffic Signals

2. The COMPANY relinquishes and grants to the DEPARTMENT all its existing property interest at the present locations within the required highway right-of-way and construction easements as shown on the attached highway plans and grants to the DEPARTMENT the right to construct, operate and maintain the above referenced highway across the COMPANY'S right-of-way or easement under the terms and conditions as herein stated.

3. The DEPARTMENT agrees to obtain all necessary rights from the owners of the lands crossed by the COMPANY'S right-of-way or easement located within the limits of the required right-of-way and construction easements acquired by the DEPARTMENT. Comparable pre-existing ingress and egress to COMPANY property rights and facilities will be provided to the COMPANY at DEPARTMENT expense. COMPANY retains fully adequate right of ingress and egress to COMPANY property rights and facilities over the property which is the subject of the highway construction project contemplated herein.

4. The COMPANY retains the right to operate and maintain existing facilities and to install, operate and maintain new facilities as required, except that the future installation, operation and maintenance of the COMPANY'S facilities shall be in accordance with the current edition of the Utility Accommodation Policy and Standards Manual issued by the DEPARTMENT and Title 23 of the CFR, Chapter I, Subchapter G, Part 645, Subparts A and B. It is agreed that the COMPANY has the right now and in the future to install, operate and maintain its facilities over that portion of said highway within the required right-of-way and construction easements. If necessary to adjust such facilities on future construction and maintenance work, then the cost of the subsequent adjustment shall be eligible for reimbursement in the same manner as the initial adjustment expense covered by this Agreement.

5. The COMPANY shall make such changes to its facilities as may be necessary to permit the construction of the project and as may be required by the DEPARTMENT.

6. The COMPANY shall submit a lump sum bill in the exact amount of **\$75,827.00** when the work contemplated under the attached estimate has been satisfactorily completed.

7. The DEPARTMENT shall make a final payment of such lump sum bill promptly upon receipt and verification thereof which shall be a complete satisfaction of liability of the DEPARTMENT hereunder.

8. The DEPARTMENT shall not be liable for payment of any bill received more than twelve (12) months after all work under this Agreement is completed unless the COMPANY and DEPARTMENT have agreed in advance to an extension of the billing period in writing. Unless an extension of the billing period has been agreed, the DEPARTMENT may consider payment made up to one year following completion of the work to be final.

LUMP SUM UTILITY AGREEMENT – Traffic Signals

9. The Certificate of Eligibility for reimbursement prepared by the COMPANY, attached hereto and made a part hereof, is the basis for participation of DEPARTMENT funds in the cost of the adjustment of the utility facilities covered by this Agreement.

10. The COMPANY shall be responsible for providing signing and other traffic control measures during construction in accordance with the Manual on Uniform Traffic Control Devices, current edition, and as required by the DEPARTMENT'S engineer.

11. The DEPARTMENT agrees to notify the COMPANY when the highway construction contract is awarded and furnish the name of the contractor who will perform the highway work. The COMPANY agrees to plan with the DEPARTMENT'S contractor a schedule of operations which will clearly set forth at which stage of the contractor's operations the COMPANY will be required to perform its relocation and adjustment work.

12. This Agreement contains the entire agreement of the parties hereto, and no representations, inducements, promises or agreements, oral or otherwise, between the parties not embodied herein shall be of any force or effect. Any amendment to this Agreement shall not be binding upon the parties hereto unless such amendment is in writing and executed by both parties hereto. The provisions of this Agreement shall inure to the benefit of and be binding upon the parties hereto and their legal representatives, successors and assigns. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which taken together shall constitute one and the same agreement. This Agreement shall be construed and interpreted under the laws of the State of Georgia. Except as otherwise provided herein, all rights, powers and privileges conferred hereunder upon the parties shall be cumulative but not restrictive to those given by law.

LUMP SUM UTILITY AGREEMENT – Telecommunications

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in three counterparts, each to be considered as an original by their authorized representative the day and date hereinabove written.
